Question: Use this space for any comments you may have about your discussion, lab, or recitation, etc.

Jeffery Kuo is a stand-up guy-- he should be teaching this class! The TA was very thorough in explaining the equations and concepts behind all the ideas in this course, including how they were mathematically derived. He was very accommodating to student questions and needs, and also talked to the class about what kind of coursework to pursue should one be interested in economics

Jeffery Kuo was a very helpful and thoughtful TA with great handwriting! It was obvious he wanted us all to succeed and even gave us a roadmap of example economics classes we could take depending on our major!

Really great T/A. Felt like I learned more from him than from lecture.

jeffrey is amazing! so accessible and happy to help me!
